MANAGEMENT SUPPORT TECHNICIAN

Classification Specification

City of Springfield, Oregon

A classification specification defines the general character and scope of responsibilities of all positions within a job classification. This description does not list every duty for a given position; specific position assignments will vary depending on business needs.

General Information	
Classification Title	Management Support Technician
Classification Code:	MGTTCCH
Effective Date:	7/1/2011
Pay Grade:	B21-B22
FLSA Status:	Non-Exempt

Classification Summary

The Management Support Technician is responsible for performing technical paraprofessional functions in the areas of budgeting, library, and/or environmental services. Responsibilities will vary in accordance with assigned area of responsibility but could include; updating and maintaining budgeting forecasting systems; reviewing and balancing transactions and ledgers; preparing journal entries and vouchers; installing, monitoring and calibrating basic testing equipment; performing technical application and/or permit processing; receiving, reviewing and issuing development permits; entering information; assisting patrons with the retrieval of materials and related research; and customer service.

Following are descriptions of the competency levels:

Contributing – Applies basic skills and may develop advanced skills appropriate for the position or specialization; resolves routine questions and problems.

Journey Level – Applies advanced skills appropriate for the position or specialization to meet the more complex requirements of the City; duties may be somewhat complex.

Distinguishing Characteristics

- This is the first level classification in the Management Support series.
- This is a paraprofessional level classification.
- Management Support Technicians focus on how to carry out the operations of the process specified by higher level positions. This position has a choice as to how and when the operations are carried out, but not as to what operations constitute the process.
- Management Support Technicians are differentiated from Management Support Specialists as the responsibilities of the higher level classification are more specialized and require a thorough understanding of applicable practices and procedures.

Essential Duties	
<i>The duties listed below are a typical sample; position assignments may vary.</i>	
1	Enters billing, insurance, and other types of demographic information.
2	Updates and maintains budget forecasting systems.
3	Assists patrons with the retrieval of materials/information and related research.
4	Provides customer service to staff, vendors, and the public; answers inquiries, provides information, and attempts to resolve problems within the scope of position.
5	Prepares journal entries and vouchers; reviews and balances transactions and ledgers.
6	Prepares information and materials relevant to area of assignment; participates in special projects/programs.
7	Installs, monitors and calibrates basic equipment.
8	Performs technical application and/or document processing and/or review, as related to area of responsibility.
9	Maintains data files; satisfies data and materials/records requests; audits transactions and records for accuracy.
10	Actively supports an inclusive and respectful work environment.
11	Performs other duties of a similar nature or level.
